

GAME DECK

CROWN CHASER: DIVE INTO THE ACTION

Crown Chaser blends **tower defense** and **real-time strategy** within an immersive ecosystem.

Collect **unique cards** to join thrilling battles and unlock strategic advantages.

Equip your cards with **powerful items** from collected materials.

THRILLING BATTLES AWAIT YOU

Engage in strategic **1v1 clashes** or **team up for dynamic 2v2 action**, with a friend or a randomly paired ally.

Upon entering the match, you'll find yourself in the heart of the arena, where victory hinges on **your ability to outsmart your opponents**.

Get your victory by demolishing all three of your opponent's towers for an outright win, or destroy more towers than them before time runs out.

MASTER YOUR DECK

To begin, gather a deck of 8 Cards. Find your cards by buying packs or choosing them from the marketplace.

Every card starts at level 1. Make your cards stand out by upgrading them.

Cards come in 4 rarities:

BASIC

RARE

EPIC

LEGENDARY

The difference in rarities lies in their bonuses, not in gameplay advantages. Higher rarity doesn't guarantee a win.

CARD PACKS

Unlock new cards with Card Packs, available directly from Crown Chaser. Choose from four sizes, each pack delivering 5 cards.

You can get the same card in different rarities. The rarity affects the card's appearance (skin) and its earning bonus.

Cards of Rare rarity and higher are NFT tokens on the blockchain. Obtain a deck of at least 8 Rare (or higher) cards to unlock the play-and-earn feature.

Cards are in limited supply. Each season introduces unique cards in the packs. Cards from past seasons are available only on the marketplace.

MARKETPLACE

Trade your cards with ease in the economy led by players like you.

A 5% royalty fee on each sale fuels the growth of our ecosystem, ensuring a thriving and dynamic game world.

We share success with our community. A portion of the earnings is distributed as communal treasure, benefiting all \$CPG holders.

POWER UP WITH ENERGY

Every player starts with a daily energy limit of 20, used to participate in the game. Spend energy to earn \$CUC with your victories.

Once your energy depletes, you'll still earn Crowns from games, keeping the rewards coming.

REWARDS BREAKDOWN:

DUAL TOKEN TOKENOMIC

CROWN PRECIOUS GEM (\$CPG) **THE MAIN TOKEN** **OF CROWN CHASER**

\$CPG features a fixed token supply. Once the final token is earned, no additional tokens will be created.

\$CPG holders gain entry to the council, dedicated to overseeing community treasures. The council's role extends to making key decisions regarding card balance and the direction of game development.

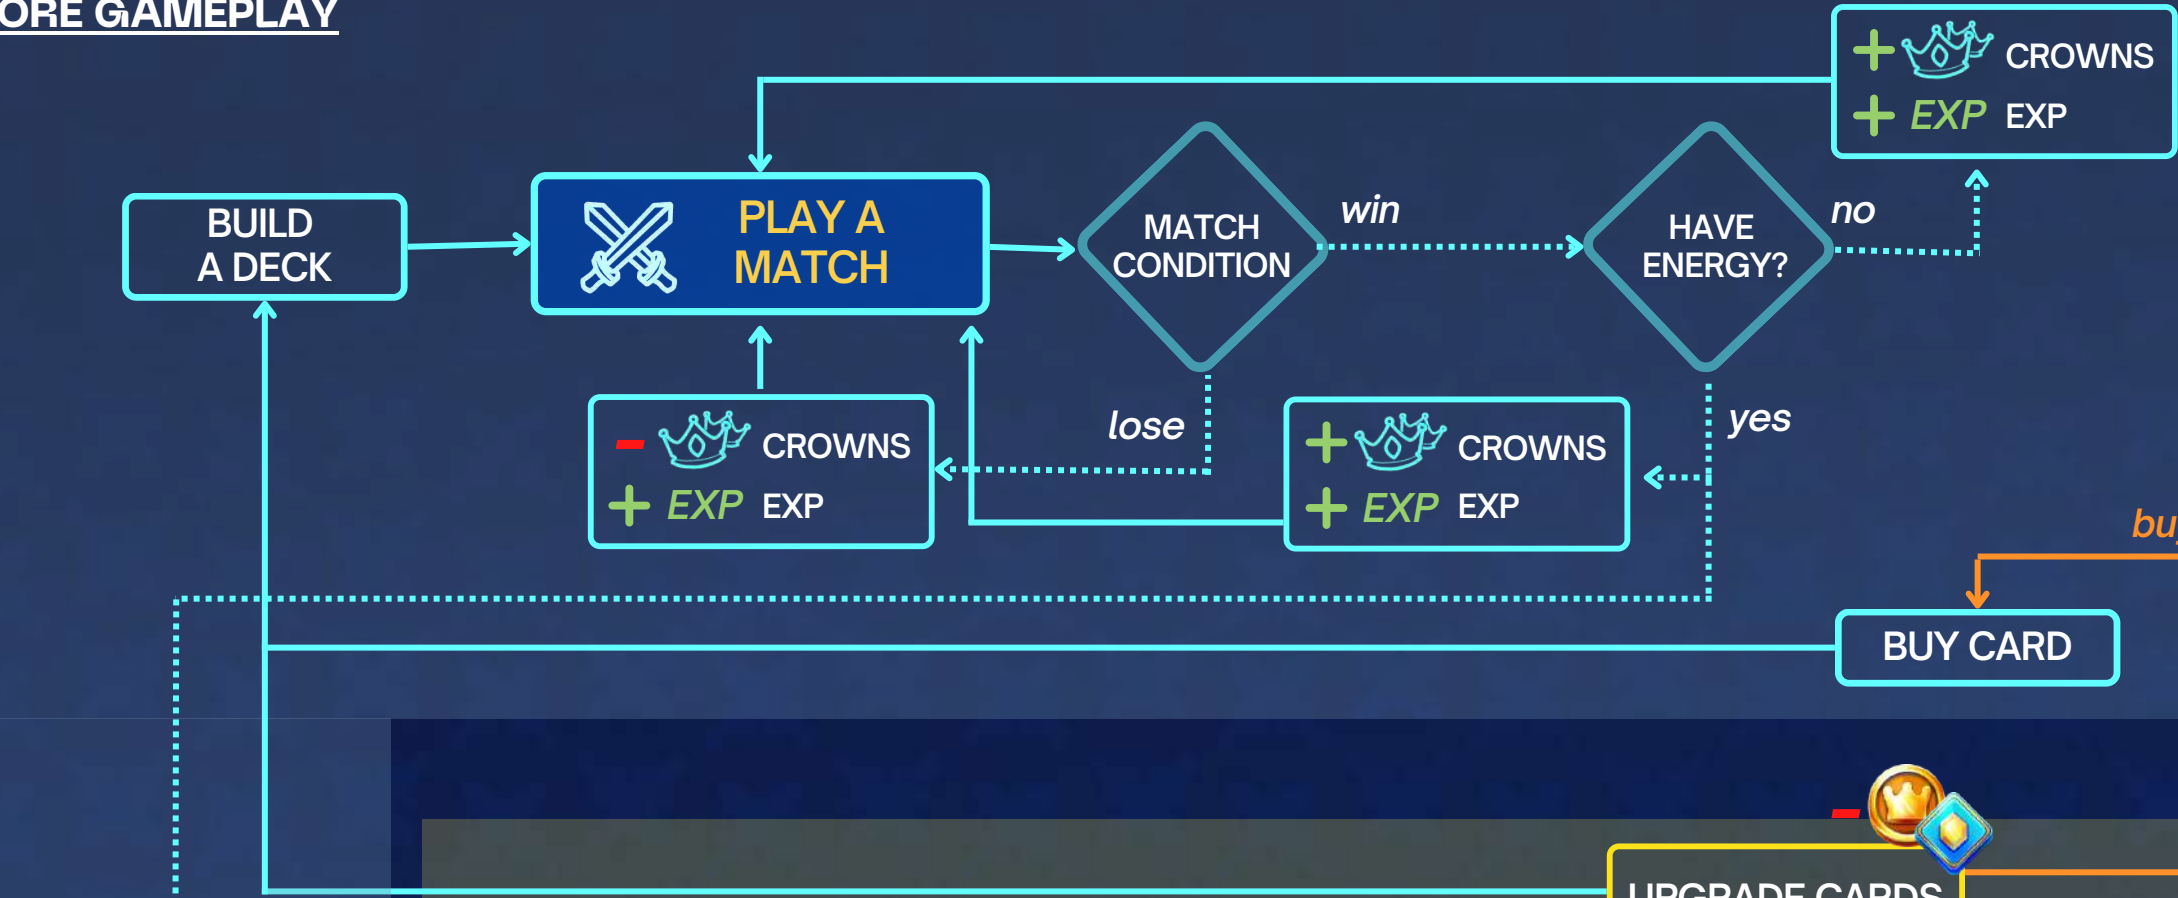

CROWN UTILITY COIN (\$CUC) **UTILITY TOKEN** **OF CROWN CHASER**

\$CUC is designed with an unlimited supply, exclusively minted through gameplay in Crown Chaser.

Victorious players earn \$CUC based on their win bonus. To qualify for \$CUC rewards, players must meet certain criteria. Decks containing only basic cards are ineligible for token rewards.

GAME LOOP AND ECOSYSTEM ECONOMY

CORE GAMEPLAY

LEGEND

- Token source

- Market Makers and Wallets
- Token drains
- Governance token and treasury

META

HERO UPGRADE

To elevate your card's prowess to the next level, **combine two identical cards**, matching in both level and rarity alongside a sprinkle of \$CUC and \$CPG. This fusion births a new, **more powerful card**, while the merged cards are removed from circulation, narrowing the card supply.

ARENA

The arena is where all the battles happen in Crown Chaser, similar to a sports stadium. Players can own an arena to earn rewards from it.

Each arena is unique. Owning an arena isn't necessary to play the game, but it comes with great benefits:

EARN REWARDS FROM MATCHES THAT TAKE PLACE IN YOUR ARENA.

BRAND YOUR ARENA WITH THE NAME AND COLOR OF YOUR GUILD

LEAGUES

Crown Chaser is all about competition, making leagues an essential part of the game. With various leagues and sub-leagues, your position is determined by a crown system: more crowns mean a higher league. **And being in a higher league increases your rewards for winning.**

**EARN CROWNS BY WINNING MATCHES,
BUT BE AWARE, LOSING MATCHES COULD
COST YOU CROWNS.**

GUILDS & SCHOLARSHIPS

Joining a guild introduces a key social element to the game, offering numerous benefits to players.

Guild owners can monitor the guild's progress and individual contributions to its success.

owners have the unique ability to customize and assign decks to members, establishing a "Scholarship" system.

BONUSES

Bonuses play a crucial role in determining the amount of Crown Utility Coin (\$CUC) players earn from each victory. Players can increase their bonuses through three main perks:

DECK RARITY

LEAGUE STANDING

GUILD LEVEL

TOURNAMENTS & LEADERBOARDS

Each season culminates in a global leaderboard, with rankings based on the most crowns earned. The top 1000 players will receive \$CPG rewards, scaled by their ranking. **The higher the rank, the greater the reward.**

SEASONS OF CHANGE

Throughout the year, players will experience multiple seasons, each lasting several months. With each season, exclusive card packs tailored to that period will be available for purchase. **The card pack contents will evolve with the seasons, introducing new cards and retiring the old ones.** Cards from previous seasons can only be acquired through the marketplace.

In addition to fresh card packs, each season will usher in exciting updates:

**NEW GAME
MODE**

**NEW
FEATURES**

**NEW
HEROES**

**NEW
ARENA**

FREE TO PLAY

Joining the adventure in Crown Chaser doesn't require any purchase. A free basic pack is available to all players, ensuring everyone can dive into the game and start their journey.
